

**1. Identification of the Product and Supplier**

Product name:	<b>Microlite<sup>®</sup> L</b>
Product application:	Additive to oilfield cements.
Address/Phone No.:	<b>Elkem ASA, Silicon Products</b> P.O. Box 334 Skøyen N-0213 Oslo, Norway Telephone: + 47 22 45 01 00 <a href="https://www.elkem.com/silicon-products/">https://www.elkem.com/silicon-products/</a>
Contact:	<a href="mailto:support.siliconproducts@elkem.com">support.siliconproducts@elkem.com</a>
REACH registration number:	01-2119486866-17-0000
REACH and CLP helpdesk:	REACH and CLP website: <a href="https://echa.europa.eu/support/helpdesks/">https://echa.europa.eu/support/helpdesks/</a>
Emergency Phone No.:	not applicable for non-hazardous substances.

**2. Hazards Identification**

Classification of the substance	The product does not meet the criteria for hazard classification according to Regulation (EC) No1272/2008 (CLP) and the UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS, 10 <sup>th</sup> rev.).
Hazard pictogram:	N/A (not applicable)
Signal word:	N/A (not applicable)
Hazard statements:	N/A (not applicable)
Precautionary statements:	N/A (not applicable)

All ingredients in the product are covered by the OSPAR List of Preparations Used and Discharged Offshore which are considered to Pose Little or No Risk to the Environment (PLONOR), 2003.

**3. Composition/Information on Ingredients**

Synonyms:	Slurry of silica fume, Aqueous dispersion of amorphous silicon dioxide (H <sub>2</sub> O + SiO <sub>2</sub> ). Silica slurry.
IUPAC-name:	Silicon dioxide

**Constituents (analysis):**

CHEMICAL NAME	CAS #	EINECS #	% w/w
Silicon Dioxide (amorphous silica fume)	69012-64-2	273-767-1	48-52
Water	7732-18-5	231-791-2	balance

The product meets the criteria as a nanoform in accordance with Commission Recommendation 2011/696/EU and 2022/C 229/01.

#### 4. First Aid Measures

Inhalation: Not applicable. Product is an aqueous slurry.  
Skin contact: Wash contaminated skin with water and/or a mild detergent.  
Eye contact: Rinse eyes with water/saline solution. If discomfort persists, seek medical advice.  
Ingestion: Not applicable.

#### 5. Fire Fighting Measures

The product is not combustible. If the slurry becomes dry, there is no inherent risk of explosion.

Extinguishing media: Not applicable Depending on surrounding fire.

#### 6. Accidental Release Measures

Avoid exposure to dust of the product. Released material should be collected in suitable containers.

#### 7. Handling and Storage

Handling: If the slurry becomes dry, avoid generating airborne dust. See section 8.  
Storage: Keep away from hydrofluoric acid (HF).  
Not to be stored at temperatures near to or below 0 °C.

#### 8. Exposure Controls/Personal Protection

##### A) Occupational exposure controls:

Use protective gloves and eye protection. Facilities for eye flushing should be available.  
If the slurry becomes dry: Avoid inhalation of dust. Ensure good dust ventilation during use. Wear CE-marked respiratory protection according to EN 149 FFP 2S/3S in areas of inadequate ventilation.

##### Occupational Exposure Limits (ACGIH <sup>1)</sup>, 2016):

Substance	[CAS No.]	8hr TWA		ACGIH TLV 15 minute STEL		Notations
		ppm	mg/m <sup>3</sup>	ppm	mg/m <sup>3</sup>	
PNOS <sup>2)</sup>	-	-	10 <sup>(I)</sup> /3 <sup>(R)</sup>	-	-	-

<sup>1)</sup> American Conference of Governmental Industrial Hygienists

<sup>2)</sup> Particulates (Insoluble or Poorly Soluble) Not Otherwise Specified. Amorphous silica fume is considered to be PNOS. Specific TLVs for the individual substances have not been established or have been withdrawn, respectively.

<sup>(I)</sup> Inhalable fraction

<sup>(R)</sup> Respirable fraction

## B) Environmental exposure controls

### Limit value for PM<sub>10</sub> and PM<sub>2.5</sub> (Directive 2008/50/EC):

	Averaging period	Limit value
PM <sub>10</sub>	One day	50 µg/m <sup>3</sup> ★
PM <sub>10</sub>	Calendar year	25 µg/m <sup>3</sup>
PM <sub>2.5</sub>	Calendar year	15 µg/m <sup>3</sup>

★Not to be exceeded more than 30 times a calendar year.

---

## 9. Physical and Chemical Properties

Form:	Slurry.
Colour:	Grey
Odour:	Odourless
Solubility:	Insoluble in water. Soluble in alkalis.
Solubility (Organic solvents):	Insoluble/slightly soluble.
Specific Gravity (water =1):	Typical 1.4
pH:	Typical 5-7
Particle size, mean (µm):	≈ 0.5 (80 weight% of primary particles have a diameter < 5 µm)
Specific surface (m <sup>2</sup> /g) :	15-30 (dry matter)

---

## 10. Stability and reactivity

Conditions to avoid: Not to be stored at temperatures near to or below 0 °C.

Materials to avoid: Hydrofluoric acid (HF).

Hazardous Decomposition Product(s):

Microlite® L additive reacts with hydrofluoric acid (HF) forming toxic gas (SiF<sub>4</sub>).

---

## 11. Toxicological Information

The product does not meet the criteria for hazard classification according to Regulation (EC) No 1272/2008 (CLP) and the UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS, 10<sup>th</sup> rev.).

### Acute effects:

INGESTION:	Dust from dried product may cause irritation and dehydration of mucous membranes.
INHALATION:	Dust from dried product may cause irritation and dehydration of mucous membranes.
SKIN CONTACT:	Dust from dried product may cause irritation and dehydration.
EYE CONTACT:	Dust from dried product may cause irritation and dehydration.

### Chronic effects:

Microlite® L (slurry/wet): Not applicable.

Microlite® L (dry): Inhalation of Inhalation of respirable, dry matter from the product is considered to entail minimal risk of pulmonary fibrosis (silicosis). However, chronic obstructive lung disease is suspected following long term exposure (years) for concentrations above recommended occupational exposure limits.

Endocrine disrupting properties: Available data for the product have been considered against the criteria laid down in Regulations ((EC) No 1907/2006, (EU) 2017/2100, (EU) 2018/605) and found not to apply.

---

## 12. Ecological Information

The product is not characterised as dangerous for the environment.

MOBILITY: The product is not mobile under normal environmental conditions.  
PERSISTENCE: Not relevant for inorganic substances.  
BIOACCUMULATION: Not relevant.  
ECOTOXICITY: The product does not meet the classification criteria for ecotoxicological endpoints in accordance with Regulation (EC) 1272/2008 (CLP) and the UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS, 10<sup>th</sup> rev.).

Endocrine disrupting properties: Available data for the product have been considered against the criteria laid down in Regulations ((EC) No 1907/2006, (EU) 2017/2100, (EU) 2018/605) and found not to apply.

---

## 13. Disposal Considerations

The material should be recovered for recycling if possible.  
This material is not classified as hazardous waste according to Commission Decisions 2000/532/EC and 2001/118/EC. Prior to disposal of large quantities of this material advice should be sought from the Environment Agency Office.

---

## 14. Transport Information

UN	-
IMDG/IMO	Not subject to classification
ADR/RID	Not subject to classification
ICAO/IATA	Not subject to classification

## 15. Regulatory Information

A chemical safety assessment (CSA) has been carried out for the product in accordance with Regulation (EC) 1907/2006 (REACH).

The text of this Product Safety Information is prepared in compliance with:

- Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) and subsequent amendments.
- Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006.
- UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS, 10<sup>th</sup> rev.).

---

## 16. Other Information

According to Chapter 1.5.2 of the UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS), Article 58 (2)(a), and Article 59(2)(b) of (EC) No 1272/2008 (CLP), which amends REACH article 31(1), safety data sheets (SDS) are only required for substances and mixtures that meet the harmonised criteria for physical, health or environmental hazards. Since this product does not meet these criteria, a SDS according to (EU) 2020/878 is not issued. In order to communicate relevant HSE-(health, safety and environmental-) information, this product safety information (PSI) is provided instead.

In accordance with REACH article 31(5), safety data sheets shall be supplied in an official language of the Member State(s) where the substance or mixture is placed on the market. This obligation, however, only applies for hazard-classified products which require a formal SDS. Since this product is not hazard-classified, the product safety information (PSI) is, in accordance with current regulation, provided in English language only.

REACH article 31(7) requires relevant exposure scenarios from the Chemical Safety Report (CSR) to be annexed to the SDS. However, according to REACH Annex I, section 0. (Introduction), subsection 0.6. no 4 and 5, exposure scenarios are only required for hazard-classified substances or mixtures. Since this product is not hazard-classified according to CLP, there is no requirement for exposure scenarios.

Changes from revision 00 to 01: New corporate address. Paragraph 2 in section 16.

Changes from revision 01 to 02: generic e-mail address, reference to DPD removed, reference to (EU) 2015/830 inserted, ACGIH values updated, legal disclaimer removed.

Changes from revision 02 to 03: reference to GHS inserted, links updated.

Changes from revision 03 to 04: company info (section 1) and limit values (section 8 B) updated.

Changes from revision 04 to 05: new logo, reference to GHS 9<sup>th</sup> rev., assessment of EDC properties (section 11 & 12), reference to (EU) 2020/878.

Changes from revision 05 to 06: new company email and website, removed fax (section 1), assessment nanoform (section 3)

Changes from revision 06 to 07: reference to GHS 10<sup>th</sup> rev.
